CERDOMUS ceramiche style

Anima è un invito al contatto, alla percezione corporea, all'ebbrezza tattile. Il suo involucro alveolare e vellutato, tenero e increspato, asseconda sicuro i vostri gesti, s'avviluppa lesto alla vostra pelle, cede impudente alle vostre inclinazioni. E' un tuffo nelle origini. La redenzione dei sensi. La travolgente esperienza dell'abbandono ai propri istinti. Anima è un'incondizionata immersione nell'ancestrale natura di **Cerdomus**.

Anima is an invitation to touch, a provocation to think with the body, to tactile intoxication. Honeycomb soft or velvet or rugged, it all depends on what you want to feel, on what your skin's receptive to, on where it wants to take you. A return to our origins. The redemption of the senses. The exhilaration of abandoning ourselves to our instincts. Anima is total immersion in the ancestral nature of **Cerdomus**.
